Spartanburg Water Hosts 12th Annual Industrial Users Recognition Breakfast

Spartanburg Water hosted its 12th annual Industrial Users Recognition Breakfast on Wednesday, November 10, 2010. The purpose of the breakfast was to recognize industrial customers for their efforts and to acknowledge their partnership with Spartanburg Water in protecting area waterways by demonstrating environmental stewardship through sound business practices and environmental compliance.

Spartanburg Water is proud of the accomplishments of their industrial customers. These industrial customers can have complex discharges that vary widely from the domestic discharges generated by the typical household to discharges that result from complex chemical mixtures. By working with the industrial customers in establishing limits and monitoring compliance, Spartanburg Water is able to achieve an excellent compliance record for its permitted requirements at their reclaimed water treatment facilities.

Industries that were recognized include:

Blackman Uhler	Michelin	Southern Wood Piedmont
Cintas	Milliken	Spartanburg Steel
Colonial Pipeline	Norfolk Southern	Tegant
Cote Color	NWS Technologies	Tietex
Exopack	Parker Hannifin	Timbar
ExxonMobil	Piedmont Group	Tindall
Georgia Pacific	Plantation Pipeline	Total Petrochemicals
Goodrich	Roebuck Disposal	Trelleborg
Hexion	R.R. Donnelley	Univar
Land-O-Sun	Schaeffler	Upstate Linen
Magellan	Siemens	

For more information, please contact Spartanburg Water by phone at (864) 582-3250 or by email at joeljones@spartanburgwater.org.
