Sue Schneider Presents a Paper on “Complex Decision Making: A Century of Water Supply Planning” during the 2011 SC Environmental Conference

Spartanburg Water officials announce that Spartanburg Water’s General Manager, Sue Schneider, presented a technical paper during the S.C. Environmental Conference sponsored by the Water Environment Association of South Carolina and the American Water Works Association’s South Carolina Section on March 15, 2011. Ms. Schneider’s paper was entitled “Complex Decision Making: A Century of Water Supply Planning”, which discussed the long term water supply planning that Spartanburg Water performs as a part of its business planning activities.

The South Carolina Environmental Conference is an annual conference of water professional from South Carolina and other southeastern states. Over 1,400 water professionals attended the conference this year.

Spartanburg Water’s staff continues to be committed to being good stewards of the environment, protecting public health, and supporting our community’s desired quality of life.

Spartanburg Water – An Award Winning Utility
