County Stormwater Lines Require Closing of Farragut Rd. near Country Club Rd. Intersection for Safety

FOR IMMEDIATE RELEASE:

Thursday, October 23, 2025

Spartanburg – Spartanburg Water is lowering a 6-inch water line on Farragut Road near Country Club Road in order to provide clearance for a large Spartanburg County stormwater project. The Spartanburg Water project will necessitate the closing of the Farragut Road access to Country Club Road. Residents living in the area will be affected by a temporary water outage. Customers who will be affected were notified in advance of the temporary water outage. The remainder of the work is expected to be completed the week of October 26, weather permitting. Residents will be able to access Farragut Road by way of Edisto Drive.

Our crews have been briefed on attention to detail for the area and there will be checks throughout the process. Spartanburg Water personnel safety and public safety in the area of work are our main priorities. Once Spartanburg Water has completed the work at the Farragut intersection, the work will continue through the Country Club/ Edisto Drive intersection.

ABOUT SPARTANBURG WATER: Spartanburg Water, an industry leading utility, is comprised of Spartanburg Water System and Spartanburg Sanitary Sewer District. It serves a population of about 200,000 within Spartanburg County, as well as others in parts of Greenville, Union and Cherokee counties. With the help of its dedicated team of more than 300 employees, each day it produces an average of 25 million gallons of drinking water and cleans 14 million gallons of reclaimed water for its customers and community. For more information on Spartanburg Water's water quality efforts, visit us at spartanburgwater.org.
