

## **AGENDA**

### **THE COMMISSIONERS OF PUBLIC WORKS OF THE CITY OF SPARTANBURG, S.C. Meeting Place: 200 Commerce Street**

#### **REGULAR MEETING**

**Tuesday, December 6, 2016, 3:00 p.m.**  
(or immediately following SSSD meeting)

This is a regular meeting of The Commissioners of Public Works of the City of Spartanburg, S.C. Written notice of the date, time, and place for this meeting, along with the agenda, has been posted on the bulletin board, and copies have been forwarded to local and nearby news media (including Spartanburg Herald-Journal, The Spartan Weekly, Greenville News, The Greer Citizen, Hometown News, WSPA-TV 7, WYFF-TV 4, WLOS-TV 13, WHNS Fox Carolina, WORD News Radio, WOLT-FM Radio, Tribune Times, and the Times Examiner) at least 24 hours prior to this meeting.

- 1. APPROVAL OF MINUTES OF REGULAR MEETING OF OCTOBER 25, 2016**
- 2. DRINKING WATER TREATMENT AWARDS AND RECOGNITION**

The Landrum and R.B. Simms Water Treatment facilities recently received the South Carolina Area-Wide Optimization Excellence Award for calendar year 2015.

SCDHEC initiated the SC Area-Wide Optimization Program (AWOP) in 1997. AWOP is an effort to optimize the performance of existing surface water treatment facilities. The goal of the program is to optimize particle removal and disinfection at all filtration plants to maximize public health protection. AWOP was originally focused on microbial contaminants, but has expanded to include a disinfectant byproducts component.

Management is proud of this achievement as it shows optimization of SWS drinking water treatment facilities and the capabilities of staff to provide water quality that exceeds regulatory requirements.

The above is provided as information to the Commission.

**AGENDA** – Commissioners of Public Works of the City of Spartanburg, SC, Regular Meeting, held at 200 Commerce Street, December 6, 2016

**3. MONTHLY FINANCIAL REPORT**

Newt Pressley will present a financial summary of SWS expenditures and revenues for the four-month period ending October 31, 2016.

**4. COMPREHENSIVE ANNUAL FINANCIAL REPORT FOR FISCAL YEAR ENDING JUNE 30, 2016**

McAbee, Schwartz, Halliday & Company will review the Comprehensive Annual Financial Report and communication letter for SWS.

**5. SOUTH CAROLINA SETOFF DEBT COLLECTION PROGRAM**

Spartanburg Water System previously obtained Commission approval to participate in the South Carolina Setoff Debt Collection Program. The program allows claimant agencies to recover delinquent debts through offset to the state income tax refund. The program is administered through the Municipal Association of South Carolina and the S.C. Department of Revenue.

The Municipal Association requests approval of a separate Resolution relating to the recovery of collection costs pursuant to the Setoff Debt Collection Act. The Resolution provides that Spartanburg Water System may impose an administrative fee of \$15.00 to offset the costs of collection associated with the process. Management requests Commission approval of the Resolution.

**6. PROPOSED 2017 COMMISSION MEETING SCHEDULE**

January 24	February 28
March 28	April 25
May 23	June 27
July – No meeting	August 22
September 26	October 24
November – No meeting	December 5

**AGENDA** – Commissioners of Public Works of the City of Spartanburg, SC, Regular Meeting, held at 200 Commerce Street, December 6, 2016

**7. WATERSHED ECOLOGY CENTER GRANT PROPOSAL**

The Watershed Ecology Center's mission is to collect, analyze, and disseminate sound scientific information on the ecology of the region. Special emphasis is placed on water conservation, watershed education, water quality, and the study of organisms living in the area encompassed by a watershed. All of the Watershed Ecology Center's educational programming meets state standards and incorporates hands-on learning activities. Last year, the eleven programs that focus on water served 19,800 K-8 students and 1,587 adults with presentations throughout Spartanburg County.

Watershed Ecology Center's annual goal for 2017 would be to reach 16,000 students throughout the school year. In addition to the many classroom educational programs and water-based programming, the Watershed Ecology Center offers several exciting public participation programs. Watershed Ecology Center's public participation programs include storm drain marking in our watershed, the continuance of the watershed sign project in Spartanburg County, and an Adopt-A-Stream program. The storm drain marking project aims to educate the community on creative ways to protect local water resources. To date, Watershed Ecology Center has focused many of these efforts around Spartanburg Water reservoirs. The watershed sign program was inspired by Spartanburg Water's original watershed sign initiative, where over 20 signs were installed throughout the Pacolet River Watershed Basin. For the Watershed Ecology Center's project, they plan to install 40 additional signs throughout Spartanburg County watersheds in addition to the 40 signs that were installed previously. The Adopt-A-Stream program will aim to certify Spartanburg County citizens on macro-invertebrate sampling and basic water quality analyses with a heavy focus on field training. The Adopt-A-Stream program will assist in the AP Environmental Science Program in Spartanburg County schools plus encourage community volunteers to take an active role in stream monitoring and clean-up. Also in store for 2017, Watershed Ecology Center will continue to work on the revitalization of its web site, where its internet based scheduling system will assist teachers with scheduling classroom presentations with Center staff. The continued production of a virtual catalogue hosting 1 to 3 minute videos of each program the Center offers will also assist teachers, allowing them the opportunity to view each program the Watershed Ecology Center offers, increasing exposure and participation for the Center.

**AGENDA** – Commissioners of Public Works of the City of Spartanburg, SC, Regular Meeting, held at 200 Commerce Street, December 6, 2016

Management recommends the approval of targeted funding for the aforementioned K-8 educational programs offered by the Watershed Ecology Center in the amount of \$18,000, with an equal allocation of \$9,000 of the funding from SWS and \$9,000 of the funding from SSSD. Funding will be allocated from SWS and SSSD operating funds.

**8. TANGLEWOOD COURT WATERLINE REHABILITATION PROJECT**

Spartanburg Water staff recently replaced approximately 800 LF of 2-inch galvanized water main on Tanglewood Court in the Boiling Springs area. This main serves 19 customers and was replaced with 2-inch High-Density Polyethylene (HDPE) Pipe. The project was prioritized due to on-going water quality concerns directly related to customer complaints and the risk of pipe failure associated with small galvanized lines. Total estimated cost, including labor, was \$31,400.

The above is provided as information to the Commission.

**9. OUTSIDE CITY WATER MAIN EXTENSION – 2450 WHITESTONE GLENDALE ROAD**

The water main extension, which consists of approximately 375 LF of 6-inch water main, is consistent with the SWS Participation Policy. It will be billed at the outside city rate plus surcharge until such time as the full local share is recovered.

The water mains necessary to provide domestic service plus fire protection, and also to provide for future growth, are of the same size and quantity; therefore, the project estimate is \$14,400. The property owners' participation cost is based on this estimate.

Management recommends Commission approve the above.

**10. AGREEMENTS EXECUTED BY THE CHIEF EXECUTIVE OFFICER ON BEHALF OF THE COMMISSION**

The following agreements have been executed on behalf of the Commission by the Chief Executive Officer in accordance with the resolution adopted by the Commission on July 11, 1989.

**AGENDA** – Commissioners of Public Works of the City of Spartanburg, SC, Regular Meeting, held at 200 Commerce Street, December 6, 2016

**A. Outside City Private Fire Service Agreement**

**(1) Grace Church-Westside Club**

Grace Church-Westside Club located at 501 Willis Road in Spartanburg, SC wishes to connect a 6-inch water line to the Commission's 12-inch water line along Willis Road to serve a private fire protection system, including 2 private hydrants, for the above-mentioned facility. Grace Community Church of SC wishes to enter into an agreement for this service.

Annual Stand-by Revenue - \$619.92

**B. Outside City Water Main Extension Agreement**

**(1) Fairforest Middle School**

Spartanburg County School District 6 is developing a tract of property located on Lincoln School Road. The development will consist of a middle school complex. Approximately 480 LF of 12-inch pipe is being installed to provide water service to the development. The developer will bear all costs.

**11. NEGOTIATIONS AND MISCELLANEOUS ADMINISTRATIVE MATTERS**
