Management recommends continuing our Workers Compensation Insurance with Amerisure as our carrier for a total cost of \$117,983.

The allocation between companies is \$30,675.58 for SSSD and \$87,307.42 for SWS.

11. CAPITAL IMPROVEMENT PLAN

Management will review the Capital Improvement Plan with the Commission.

12. PROPOSALS FOR AUDIT SERVICES

Management requested proposals to provide audit services for a four-year engagement period (Fiscal Years 2016-2019). The following firms were contacted in reference to interest in the RFP process: Cherry Bekaert; McAbee, Schwartz, Halliday & Co.; and Holcomb, Holtzclaw & Raven, LLC. Proposals were received from two firms: Cherry Bekaert and McAbee, Schwartz, Halliday & Co.

The RFP for audit services stated that the proposal would be evaluated based on the following criteria:

1. Whether the firm can perform the contract or provide the service promptly, or within the time specified, without delay.
2. Pricing and fee structure broken down by employee classification and proposed number of hours per classification.
3. Firm qualifications:
 - a. The reputation, experience and efficiency of the firm.
 - b. The quality of performance of previous audit services.
 - c. The reputation, experience and skill of the proposed audit team.

- 4. MWBE Utilization
- 5. Community Benefit Program Participation

The four-year fee proposals were provided as follows:

	<u>SWS</u>	<u>SSSD</u>
1. McAbee, Schwartz, Halliday & Co.	\$59,505	\$59,505
2. Cherry Bekaert	\$69,000	\$69,000

The evaluation team has reviewed the proposals and management recommends award of the contract to McAbee, Schwartz, Halliday & Co.

13. PREVENTATIVE MAINTENANCE AGREEMENTS FOR LABORATORY SERVICES

Laboratory Services maintains Preventative Maintenance Agreements (PMA's) for select laboratory instruments and software programs. The proposed contracts are annual agreements and include service for routine preventative maintenance, troubleshooting, repairs (parts and labor), software support, certain upgrades, and priority emergency repair service. The PMA is provided by the manufacturer, who is the sole source provider of the laboratory service.

A. Perkin Elmer ICPMS System

This system is used to analyze water samples for the Safe Drinking Water Act (SDWA) and the Clean Water Act (CWA) programs and support of plant operations. Perkin Elmer has quoted an annual PMA for services as described above for a total cost of \$23,016.

The total cost for the renewal for the ICPMS is \$23,016. Funding will be provided through the Laboratory Services operating budget, with costs shared 50% between SWS and SSSD.

Management recommends the approval of the renewal of the Perkin Elmer Preventive Maintenance Agreements for an amount not to exceed \$11,508.

14. CONSULTING AND ENGINEERING SERVICES FOR LAWSON FORK IMPROVEMENT EVALUATION

AGENDA – Spartanburg Sanitary Sewer District Commission, Regular Meeting
Tuesday, March 29, 2016

A long-range strategic goal is to systematically improve SSSD's wastewater collection systems and service levels in the Spartanburg community. Areas within the Lawson Fork drainage basin are in need of evaluation and possible improvement. In April 2015, SSSD entered into a Master Professional Services Agreement with Frazier Engineering for assistance in the evaluation, planning, design, and construction management of sewer collection systems. Task Order Number 3 under this agreement includes the Temporary Flow Monitoring and Inflow/Infiltration (I/I) Evaluation for portions of the Lawson Fork basin currently experiencing capacity limitations. Frazier Engineering will install, calibrate, operate, and maintain flow monitors at nine locations and corresponding rain gauges for a period of no more than two months. Frazier will review the data and develop a summary report including capacity evaluation and I/I analysis.

Management recommends approval of Task Order Number 3 for a not-to exceed amount of \$38,800 which will be funded from SSSD capital funds.
