

## MINUTES

The Commissioners of Public Works of the City of Spartanburg, SC, Called Special Meeting, held at 200 Commerce Street, Spartanburg, SC, Thursday, December 4, 2025, at 11:00 a.m.

Copies of the agenda were forwarded to the following news media: Spartanburg Herald-Journal, The Spartan Weekly, Greenville News, The Greer Citizen, Hometown News, WSPA-TV 7, WYFF-TV 4, WLOS-TV 13, WHNS Fox Carolina, WORD News Radio, WOLT-FM Radio, Tribune Times, and the Times Examiner.

Commissioners present were Mr. Littlejohn, and Mr. Montgomery. No one was absent. Chair vacated by Angela Viney effective November 10, 2025, has not been filled.

Attendees: Guy Boyle, Trish Heatherington, and Mayor Rice.

The meeting was opened with the following statement:

This is a called special meeting of The Commissioners of Public Works of the City of Spartanburg, SC. Written notice of the date, time, and place for this meeting, along with the agenda, has been posted in the lobby and on the Spartanburg Water website, and copies forwarded to local and nearby news media, at least 24 hours prior to this meeting.

### 1. CALL TO ORDER

Commission Chair, John Montgomery, called the meeting to order.

### 2. APPOINT A COMMISSIONER TO FILL THE REMAINING TERM OF A VACATED COMMISSIONER SEAT

Mr. Montgomery stated that the second item of business is to appoint a Commissioner to fill the remaining term of the Commissioner seat vacated by Angela Viney.

Mr. Montgomery made a motion to appoint Dillon Swayngim as the Commissioner to fill the vacated seat through the remainder of the term. Mr. Littlejohn seconded this motion. The motion was approved unanimously.

Mr. Montgomery stated that Dillon Swayngim will fill the vacated seat for the remaining term.

### 3. ADJOURNMENT

Meeting adjourned at 11:02 a.m.

## MINUTES

The Commissioners of Public Works of the City of Spartanburg, SC, Regular Meeting, held at 200 Commerce Street, Spartanburg, SC, December 2, 2025, at 3:00 p.m.

Copies of the agenda were forwarded to the following news media: Spartanburg Herald-Journal, The Spartan Weekly, Greenville News, The Greer Citizen, Hometown News, WSPA-TV 7, WYFF-TV 4, WLOS-TV 13, WHNS Fox Carolina, WORD News Radio, WOLT-FM Radio, Tribune Times, and the Times Examiner.

Commissioners present were Mr. Littlejohn and Mr. Montgomery. No one was absent. Chair vacated by Angela Viney effective November 10, 2025, has not been filled.

Attendees: Guy Boyle, Cam Cole, Gene Jackson, Robert Walden, Rick Jolley, Remsen Parrish, Kevin Smith, Ken Tuck, Corey Reid, Kevin Brown, Jennifer Candler, Hariette Stinson, Jon Morgan, Meagan Roy, Stephanie Senchantixay, Trish Heatherington, Dr. Octavia Amaechi, MD, David Usefara with Mauldin & Jenkins, LLC, Patrick Jackson with Meansville-Riley Water Company, and Cameron Spencer with GMC - Goodwyn, Mills, Cawood.

The meeting was opened with the following statement:

This is a regular meeting of The Commissioners of Public Works of the City of Spartanburg, SC. Written notice of the date, time, and place for this meeting, along with the agenda, has been posted in the lobby and on the Spartanburg Water website, and copies forwarded to local and nearby news media, at least 24 hours prior to this meeting.

### **1. CALL TO ORDER**

Commission Chair, John Montgomery, called the meeting to order.

### **2. AMENDMENT – ELECTION OF OFFICERS**

Mr. Montgomery made a motion to amend the agenda to include the election of officers for calendar year 2026.

Mr. Littlejohn moved and Mr. Montgomery seconded the motion to nominate Mr. Montgomery as Chair. The motion passed unanimously.

### **3. APPROVAL OF MINUTES OF REGULAR MEETING OF OCTOBER 28, 2025**

Mr. Littlejohn moved and Mr. Montgomery seconded the motion to approve the minutes as written. The motion passed unanimously.

## **OLD BUSINESS**

### **4. PROPOSED 2026 COMMISSION MEETING SCHEDULE**

All monthly Commission meetings will be held the 4<sup>th</sup> Tuesday of the Month except as noted below.

The Commissioners of Public Works of the City of Spartanburg, SC – Regular Meeting, December 2, 2025

January 27	February 24
March 24	April 28
May 26 *Monday is Memorial Day	June 23
July – No Meeting	August 25
September 22	October 27
November – No Meeting	December 8 *2 <sup>nd</sup> Tuesday

Mr. Littlejohn moved and Mr. Montgomery seconded the motion to approve the proposed 2026 Commission meeting schedule. The motion passed unanimously.

**5. MEANSVILLE-RILEY WATER COMPANY WATER SERVICES AGREEMENT**

Meansville-Riley Water Company (MRWC) currently purchases treated drinking water from Spartanburg Water System (SWS) as a wholesale water customer. The existing drinking water services agreement between MRWC and SWS is scheduled to expire on December 31, 2025. SWS management has worked with Meansville-Riley Water Company to negotiate a new drinking water services agreement between MRWC and SWS that will extend the agreement for an additional twenty-five years through December 31, 2050.

SWS management recommended that the Commissioners of Public Works of the City of Spartanburg approve the agreement, as written, and authorize Guy Boyle, Chief Executive Officer, to execute the new agreement on behalf of the Commissioners of Public Works of the City of Spartanburg, SC to extend service through December 31, 2050.

Mr. Boyle stated that Bobby Walden and Patrick Jackson, General Manager of MRWC, have been working together on an agreement to continue to provide water to Meansville-Riley Water Company. The previous 10-year agreement expired; and a six-month agreement was executed to provide water from June through December. Mr. Boyle noted that MRWC also purchases water from the City of Union and Woodruff-Roebuck Water District.

Mr. Boyle recognized Patrick Jackson, General Manager of Meansville-Riley Water Company and thanked him for attending the meeting.

Mr. Boyle noted that the proposed 25-year Water Service Agreement with Meansville- Riley Water Company has been executed by the MRWC Board. Mr. Boyle stated that the agreement provides the same services as the previous agreement and includes an annual rate escalation. Mr. Boyle expressed no concerns with entering into the agreement.

Mr. Littlejohn moved and Mr. Montgomery seconded the motion to approve the agreement, as written, and authorize Guy Boyle, Chief Executive Officer, to execute the new agreement on behalf of the Commissioners of Public Works of the City of Spartanburg, SC to extend service through December 31, 2050. The motion passed unanimously.

Mr. Montgomery thanked Mr. Jackson for the continued long relationship with Meansville-Riley Water Company.

The Commissioners of Public Works of the City of Spartanburg, SC – Regular Meeting, December 2, 2025

Mr. Jackson expressed gratitude for working together with Spartanburg Water. Mr. Jackson also wanted to reiterate what DES said about Spartanburg Water (as noted in the SSSD minutes); having known many SWS employees over the years and especially the last few months in his new role, each and every employee from the CEO to the Sampling Technician, has been more than cooperative and professional.

## **AGENDA ITEMS 6-9 FINANCE AND PROCUREMENT**

### **6. ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR FISCAL YEAR ENDING JUNE 30, 2025**

Mr. David Usefara, with the independent auditing firm of Mauldin & Jenkins, LLC and Audit Manager on the engagement, reviewed the Fiscal Year 2025, ended June 30, 2025, Audit, Annual Comprehensive Financial Report and communication letter with the SWS Commission.

Mr. Usefara stated that the first-year audit, with Mauldin & Jenkins, LLC and Spartanburg Water System went well and offered an unmodified audit opinion for fiscal year ending June 30, 2025, in accordance with generally accepted accounting principles.

Mr. Usefara did have a constructive suggestion to be considered part of the ongoing process of modifying and improving the System's practices and procedures. He recommended that the System implement procedures to generate aged billing reports that are reconciled to the general ledger, at a minimum, on a monthly basis.

The Commission thanked Mr. Usefara for reviewing the Annual Comprehensive Financial Report.

The above was provided as information to the Commission.

### **7. MONTHLY FINANCIAL REPORT**

A financial summary of SWS expenditures and revenues for the four-month period ending October 31, 2025, were reviewed by Cam Cole, the Chief Financial Officer. An explanation was provided for the favorable and unfavorable budget variances.

The above was provided as information to the Commission.

### **8. SECURITY IMPROVEMENTS**

Staff coordinated with the Cybersecurity and Infrastructure Security Agency (CISA), a component agency under the United States Department of Homeland Security, to assist staff with identifying physical security improvements for Spartanburg Water that may be warranted.

In order to implement some of the recommendations, A3 Communications, a specialized innovative systems integration company headquartered in Columbia, SC and with offices in Greenville, SC, will work with management on several identified upgrades. A3 Communications is the State of South

The Commissioners of Public Works of the City of Spartanburg, SC – Regular Meeting, December 2, 2025

Carolina Division of Procurement Services contract holder for access control, which meets the requirements of the competitive procurement process per the Procurement Policy.

Recommended upgrades are budgeted at \$140,972. Management recommended an award to A3 Communications in the amount not to exceed \$140,972. Funding will be provided through capital funds allocated between SWS \$122,941 and SSSD \$18,031.

Mr. Littlejohn moved and Mr. Montgomery seconded the motion to approve management’s recommendation to award the contract to A3 Communications for the recommended upgrades. The motion passed unanimously.

**9. DRINKING WATER TREATMENT CHEMICALS BID**

An online reverse auction event was held on November 6, 2025, in order to obtain pricing for drinking water treatment chemicals for the Spartanburg Water System treatment facilities. A reverse auction is a type of auction in which the roles of the buyer and seller are reversed. A contract is put out to bid by a buyer and multiple suppliers offer bids on that contract. As the auction progresses, the price decreases as suppliers compete in an online, live event to win the contract. Thirteen vendors participated in the event. The pricing submitted is for the contract term January 1- December 31, 2026. The results of the event are tabulated below.

	Aluminum Sulfate	Fluosilicic Acid 23%	Hexametaphosphate	Sodium Thiosulfate 30%	Solar Salt	Residuals Polymer	Liquid Chlorine	Caustic Solution	Sodium Polyphosphate Solution	Sodium Hypochlorite	Hydrogen Peroxide	Aluminu Chlorhydrate (ACH)

Shannon Chemical Corp			3,101.00									
Univar Solutions USA	280.0000	400.0000		2.9500	0.1500					1.9500		
USALCO	680.0000											
Change in unit price %	-47%	-33%	24%	-31%	0%	-3%	-11%	-28%	-61%	2%	0%	0%

Management recommended awards to the responsive bidders for those products indicated on the bid tabulation summary. Funding will be provided through the annual operating fund.

Remsen Parrish provided the Commission with an overview of the Drinking Water Treatment Chemicals Bid – Reverse Auction agenda item. Thirteen vendors participated. An overall savings of \$413,275 is anticipated based on anticipated usage.

Mr. Montgomery asked what contributed to these savings. Mr. Parrish noted that the aluminum sulfate price decreased by 47% and the Fluosilicic Acid price decreased by 33%.

Mr. Littlejohn moved and Mr. Montgomery seconded the motion to approve management’s recommendation to award the bids to the responsive bidders for those products indicated on the bid tabulation summary. The motion passed unanimously.

## **AGENDA ITEMS 10-11 OPERATIONS**

### **10. ANNUAL GRANT PROGRAM RECIPIENT RECOMMENDATIONS**

Each year, Spartanburg Water offers organizations throughout the Upstate the opportunity to apply for project-specific funding through the Watershed Grant Program. Organizations interested in applying for the annual grant program are required to submit a detailed application package to Spartanburg Water, which is then evaluated by a Review Committee comprised of representatives from Spartanburg Water. Projects are recommended for approval to the CEO based on available funds, project timeliness, and the overall fit of the proposed projects with Spartanburg Water’s Mission to make water work by protecting public health and the environment. If recommended by the Review Committee to the CEO, grant requests are reviewed with the CEO and senior leadership. Requests are then formally recommended to the Commission for final approval. Applicants are notified of selection by December 31 of each calendar year, and once selected, are required to submit quarterly reports and a final yearly report at the end of the award year that includes metric criteria developed specifically for each awardee’s project.

#### **A. SPACE (SPARTANBURG AREA CONSERVANCY) GRANT PROPOSAL**

The mission of SPACE (Spartanburg Area Conservancy) advances the promotion, protection, and preservation of natural resources and open space in the Spartanburg community. The Mission of SPACE is to advance land conservation, parks management, and environmental outreach by providing public access to green spaces and the natural world to citizens of Spartanburg County. SPACE identifies as a grassroots nonprofit dedicated to protecting natural lands in the Spartanburg community and sustained through volunteerism, responsible stewardship, and sustainable management of resources.

SPACE acquired Glendale Shoals Preserve in 2022 to protect it from high density development and has been working to restore native habitat as well as to maintain the site as a cultural landmark of historical significance and local biodiversity. In 2024, SPACE partnered with the State of South Carolina, Spartanburg County, and additional organizations to conserve what is now known as Glendale Nature Park – a 945-acre track adjacent to the Glendale Mill site. Together, the Glendale sites comprise a connected conservation corridor of over 1,300 acres.

SPACE’s specific request is to revitalize the public access point to Glendale Shoals Preserve from Emma Cudd Road. The organization wants to remove and replace the existing overlook and stairway to create safe access to the shoals, install a kiosk with park rules and educational content about the preserve, and to clean up the site by restoring native habitat and incorporating a “Keep Spartanburg Wild” mural in place of existing graffiti

and invasive plant species. SPACE is partnering with PAL to expand PAL's trail system into the Preserve, which will increase foot traffic throughout the area. The revitalization of the public access point from Emma Cudd Road will serve as a long-term investment in public safety, environmental stewardship, and community engagement.

The Watershed Grant Committee recommended the approval of targeted funding for the Glendale Shoals Gateway Project, which includes in the amount of \$6,600 with an equal allocation of \$3,300 of the funding from SWS and \$3,300 of the funding from SSSD.

Funding will be allocated from SWS and SSSD operating funds.

#### **B. WATERSHED ECOLOGY CENTER GRANT PROPOSAL**

The Watershed Ecology Center's mission is to encourage watershed awareness through education, experience, and community outreach with an emphasis in the study of organisms living in the area encompassed by a watershed. All the Watershed Ecology Center's educational programming meets state standards and incorporates hands-on learning activities.

The Watershed Ecology Center annually reaches over 20,000 K-8 students through watershed based educational programming. The Watershed Ecology Center promotes other programs related to watershed awareness in the upper regions of the Pacolet River Watershed such as the Adopt-A-Stream program, a credentialed citizens monitoring network.

Building on the success of their Teacher Assistance Program, the Watershed Ecology Center aims to incorporate water career awareness into most of their existing programs. The Watershed Ecology Center plans to create a "Water Works" curriculum that is specifically geared toward middle school aged students and offers them opportunities to explore career options as future water professionals. The program will use the SC Graduate Competency Framework as a basis and will increase awareness of the importance of protecting water quality while also inspiring future generations to value water as a resource and possible career field. The Watershed Ecology Center plans to present a dress rehearsal of the Water Works program in April 2026 for review and aims to expand the programming to the high school level as the project continues to grow.

The Watershed Grant Committee recommended the approval of targeted funding for the aforementioned "Water Works" program and watershed-based program initiatives offered by the Watershed Ecology Center in the amount of \$14,000, with an equal allocation of \$7,000 of the funding from SWS and \$7,000 of the funding from SSSD.

Funding will be allocated from SWS and SSSD operating funds.

#### **C. PAL (PLAY. ADVOCATE. LIVE WELL.) GRANT PROPOSAL**

The mission of PAL (Play. Advocate. Live Well.) advances active living and healthy eating for everyone. The focus goal of PAL is to improve health and wellness throughout Spartanburg County by creating an environment and

The Commissioners of Public Works of the City of Spartanburg, SC – Regular Meeting, December 2, 2025

culture that fosters physical activity and healthy eating through an equity lens. PAL identifies itself as a small nonprofit working to enact large scale change.

One of PAL’s strategic plan intentions is to enhance the Daniel Morgan Trail System. PAL has requested watershed grant funding to develop a Junior PAL Program that is focused on connecting Spartanburg’s youth with the natural world through hands-on learning, exploration, and community stewardship. The program will be a dynamic outdoor initiative and will integrate a core focus on watershed ecology to provide community youth with a structured pathway to explore local trails, complete environmental challenges, and earn tangible rewards. The program will increase understanding of the watershed ecology specific to the local region and will encourage children and parents within the community to engage in the Daniel Morgan Trail System.

PAL’s specific request is to develop a progressive, rank-based program for preschool through high school students. The organization wants to develop the program and an interactive website map and guidebook to serve as the digital hub of the program, and to provide participants with any supplies needed for associated “tasks” within the program. This hub will allow easy tracking of project participation and will keep parents and children engaged. The organization also wants to provide signage and interactive watershed ecology pieces at key locations across the Daniel Morgan Trail System that can link participants back to the Junior PAL’s website. PAL also wishes to utilize funding to create pins, stickers, water bottles, backpacks, and other items in partnership with SWS to reward program achievements.

The Watershed Grant Committee recommended the approval of targeted funding for the development of the Junior PAL Program, acquisition of program supplies and the creation of the interactive portal, as well as funding for the creation of program awards in the amount of \$8,000 with an equal allocation of \$4,000 of the funding from SWS and \$4,000 of the funding from SSSD.

Funding will be allocated from SWS and SSSD operating funds.

2026 GRANTSUMMARY

<u>Grantee</u>	<u>Total Awarded</u>	<u>SSSD</u>	<u>SWS</u>
Spartanburg Area Conservancy (SPACE)	\$ 6,600.00	\$ 3,300.00	\$ 3,300.00
Watershed Ecology Center	\$ 14,000.00	\$ 7,000.00	\$ 7,000.00
Play, Advocate, Live Well (PAL)	\$ 8,000.00	\$ 4,000.00	\$ 4,000.00
Grand Total	<u>\$ 28,600.00</u>	<u>\$ 14,300.00</u>	<u>\$ 14,300.00</u>

The Commission voted on all three grants with one motion, noting that the Watershed Ecology Center “Water Works” program funding will be confirmed prior to grant funds being issued.

Mr. Littlejohn moved and Mr. Montgomery seconded the motion to approve management's recommendation to award grants as stated above to SPACE, Watershed Ecology Center, and PAL. The motion passed unanimously.

**11. EMERGENCY PROCUREMENT – R.B. SIMMS HIGH SERVICE PUMPS #2 AND #4 VARIABLE FREQUENCY DRIVES**

Earlier this year, the variable frequency drives for high service pumps #2 and #4 at the R.B. Simms Water Treatment Facility started exhibiting signs of failure reducing the facilities pumping capacity to the distribution system. The Maintenance and Operations Teams responded immediately and began to take the necessary steps to acquire authorization to execute an emergency procurement needed for the drives.

Rick Jolley provided the Commission with an overview of the Emergency Procurement – R.B. Simms High Service Pumps #2 and #4 Variable Frequency Drives agenda item and outlined the procurement costs and the outcome of the process. Mr. Jolley stated that four high service pumps at the R.B. Simms DWTP supply the water to the distribution system. Each pump is operated by a variable frequency drive and cannot operate without one.

In early 2025, two of the four Eaton variable frequency drives began showing signs of end-of-life failure. In March, Emergency Procurement was enacted as allowed by our procurement process to purchase two replacement drives. Two Allen-Bradley drives were purchased and installed at a cost of \$629,295 and funded through depreciation. This work was completed on October 16.

Additional drives are planned for replacement over the next two years.

This above was provided as information to the Commission.

**AGENDA ITEM 12 ENGINEERING**

**12. OTIS BOULEVARD PHASE III WATERLINE REHABILITATION PROJECT – SUMMARY CHANGE ORDER**

The Otis Boulevard Phase III Waterline Rehabilitation Project is complete. The project included installation of approximately 1,410 linear feet of 6-inch pipe and two fire hydrants. The contractor was also responsible for re-establishing 31 service connections. The pipeline work replaced aging waterlines and increases flow for fire protection along Otis Boulevard between Pine Street and Connecticut Avenue in the City of Spartanburg.

*Change order No. 1* was an increase in the contract price of \$19,400 to pay for night-time traffic control, excavation, and traffic safety plate rental for determining locations of unknown existing utilities and existing waterlines.

*Change Order No. 2* (summary) was a net increase of \$7,450 in the contract price for adjustment to the unit quantities as based on the actual work done. These change orders were executed as per current Spartanburg Water policy.

The Commissioners of Public Works of the City of Spartanburg, SC – Regular Meeting, December 2, 2025

The Financial summary of the project construction is as follows:

Original Contract Price	\$296,850
Change Order No.1	\$ 19,400
Change Order No.2 (Summary) - additions and deductions to unit quantities based on actual construction	<u>\$ 7,450</u>
Revised Contract Price	\$323,700

Kevin Smith provided the Commission with an overview of the Otis Boulevard Phase III Waterline Rehabilitation Project – Summary Change Order agenda item.

Mr. Smith stated that this project is complete. The project progressed well until contractors reached the tie in at Pine Street. A lot of utilities were there, some unknown, creating a delay in the project to figure out exactly what was there and how to proceed. An AT&T vault was discovered that also extended the project timeframe.

Mr. Smith noted that there is a patch that still needs paving on Otis Boulevard, but the City is scheduled to pave it in early 2026.

The above was provided as information to the Commission.

**13. AGREEMENTS EXECUTED BY THE CHIEF EXECUTIVE OFFICER ON BEHALF OF THE COMMISSION**

The following agreements have been executed on behalf of the Commission by the Chief Executive Officer in accordance with the resolution adopted by the Commission on January 26, 2023.

There were no agreements executed.

**14. PERMITS ISSUED AT THE RESERVOIR**

Applications have been submitted, and all fees have been paid on the following Lake Agreements, associated with new construction and replacement.

**LAKE BOWEN RESERVOIR**

- (1) **Thomas Barker**, desires to replace a dock on Lake Bowen.
- (2) **Ann Hannon**, desires to construct a hard pathway on Lake Bowen.
- (3) **Kenneth J. Newman**, desires to construct a boat lift, replace a dock, construct a personal watercraft lift, and stabilize the shoreline on Lake Bowen.
- (4) **Candace W. Newman**, desires to replace a dock and construct a boat lift on Lake Bowen.

The Commissioners of Public Works of the City of Spartanburg, SC – Regular Meeting, December 2, 2025

- (5) **KCW Family Limited Partnership**, desires to construct a hard pathway on Lake Bowen.

**LAKE BLALOCK RESERVOIR**

**NONE**

**MUNICIPAL RESERVOIR 1**

**NONE**

Applications have been submitted, and all fees have been paid on the following Lake Agreements, associated with acknowledgement of ownership.

**LAKE BOWEN RESERVOIR**

- (1) **Ivan E. Wilson**, dock replacement and shoreline stabilization on Lake Bowen.

**LAKE BLALOCK RESERVOIR**

**NONE**

**MUNICIPAL RESERVOIR #1**

**NONE**

**15. CHIEF EXECUTIVE OFFICER REPORT**

- A.** Mr. Boyle stated that Spartanburg County is still in an Incipient Drought status. A Climatology report is expected by December 10, that could update the status. The lake draw-down is already in process and will be monitored according to drought conditions.
- B.** Mr. Boyle reminded the Commission that Dr. Octavia Amaechi, MD, will be sworn in prior to the January Commission meeting. More information will be forth coming.

**16. REFERRALS**

Mr. Boyle stated that Finance and Administration will have Polymer Chemical Bids, possibly Lake Bowen Policies and Procedures, Area Wide Optimization Program (AWOP) Award, Community Benefit Program, Annual Safety Review, Recruitment, and Wellness Program. Engineering will have the Yard Road Summary Change Order, Rainbow Lake Road Participation Project, Landrum WTP improvements, Clear Well, Professional Services Agreement for capital project on aging infrastructure at the Landrum WTP.

The Commissioners of Public Works of the City of Spartanburg, SC – Regular Meeting, December 2, 2025

**17. ADJOURNMENT**

Meeting adjourned at 4:15 p.m.
