SEWER DISTRICT CONNECTION FEES

SEWER CAPACITY FEES

Sewer Capacity Fees apply to all new service connections and may apply when there is a change in use of premises serviced by an existing sewer connection or an Industrial Wastewater Permit is modified.

RESIDENTIAL CONNECTION

The expected volume of wastewater discharge for a Residential Equivalent Unit (REU) connection is 300 gallons per day, which represents the Unit Contributory Loading for a single unit residence in the SCDHEC "Standards for Wastewater Facility Construction Regulation 61-67".

1 REU = \$850.00

COMMERCIAL/INDUSTRIAL CONNECTION

Please contact a New Connections Representative to determine the sewer capacity fees

SEWER PROCESSING AND INSPECTION FEE

\$35.00 inspection and processing fee applies to all sewer service applications

For more specific information concerning service availability, requirements, and other fees that may apply please, contact a New Connections Representative at 864-583-7361
