Spartanburg Water Celebrates Earth Day with Local Schools

Spartanburg, S.C. (April 23, 2012) -- Spartanburg Water proudly celebrated Earth Day with local community schools! In an effort to educate students about how to conserve water and to protect local rivers, lakes and streams, Spartanburg Water created an Earth Day competition for local elementary schools. Boling Springs Intermediate School was a major participating supporter for the competition.

Fifth grade students were given the opportunity to submit t-shirt designs for Spartanburg Water’s upcoming Lake Sweep in September 2012. Designs were to reflect the importance and the protection of our natural water resources. The first place winner’s design will be used for the official event t-shirt.

Contest winners included:

- First Place: Jenna Varner
- Second Place: Hannah Nan-Kim
- Third Place: Morgan Burroughs
- Honorable Mention:
  - Isaiah Gordon
  - Rebecca Peden
  - Ali Styles
  - Taylor Cochran
  - Thomas Hutchins

Dozens of area students offered their artistic interpretations in hopes of winning and seeing their design on the t-shirts. First, second and third place winners will receive Visa Gift Cards.
